

## How to setup Discord for Church Group chats

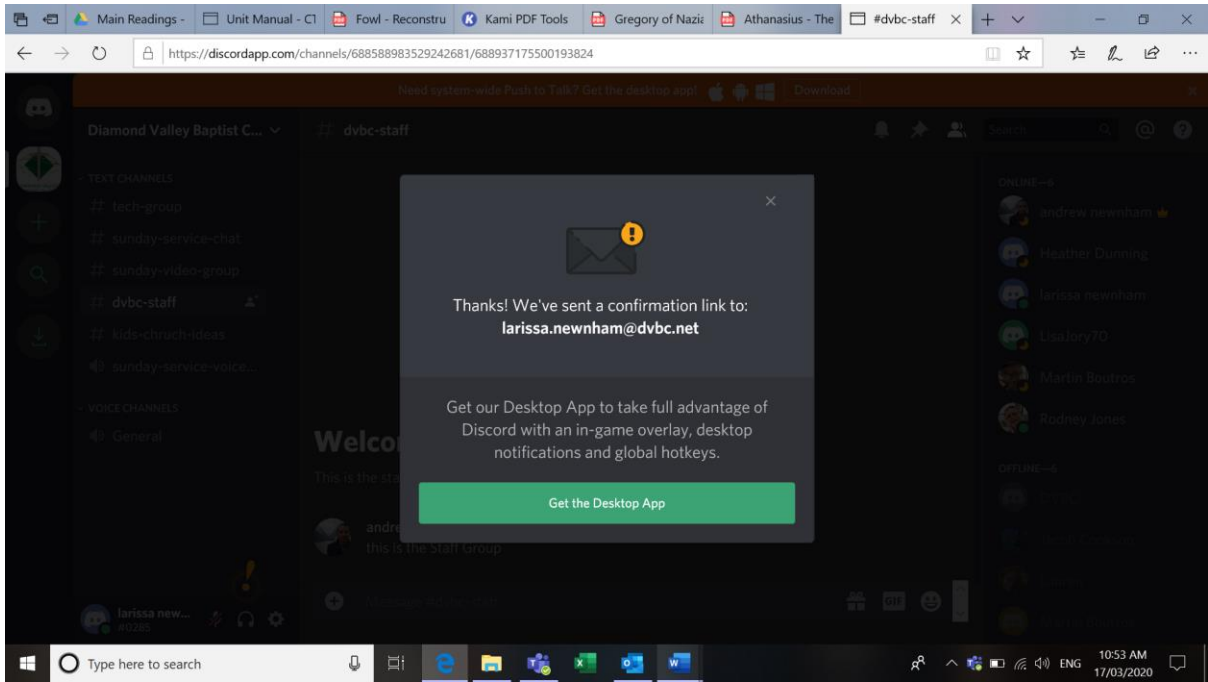

First Click on the following link <https://discord.gg/WXWYRZa> this will open the following page

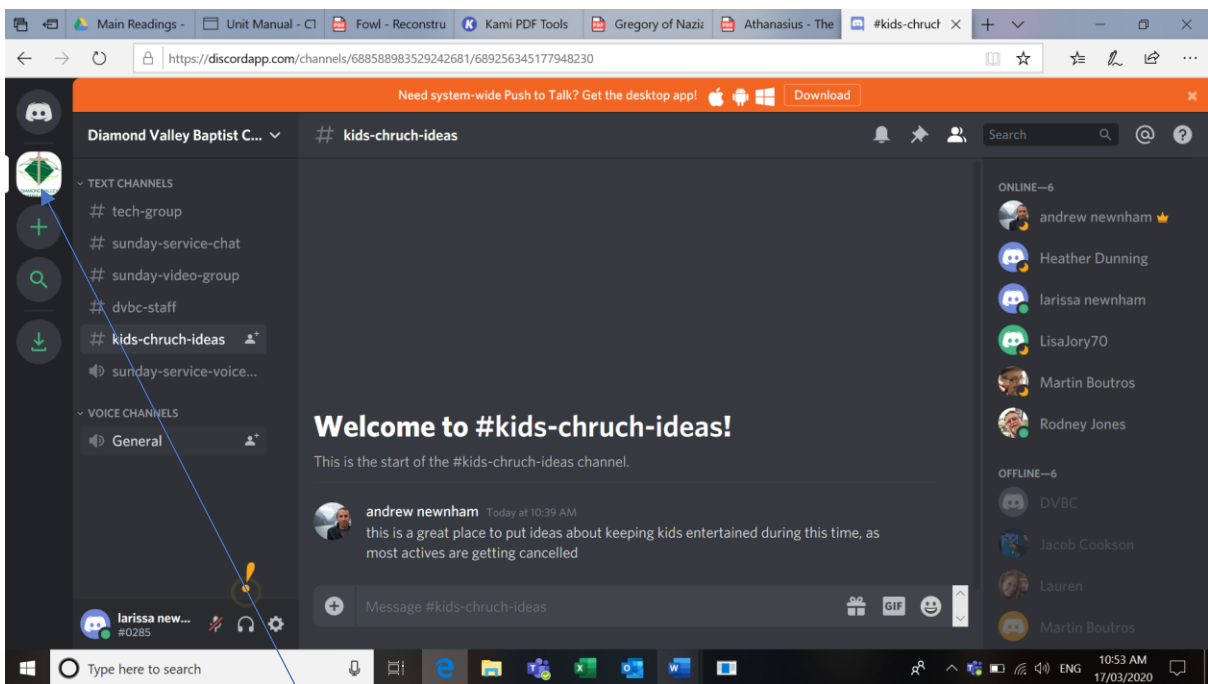

Enter A username and click continue

Next enter your email and choose a password

You are all setup now, you may want to download the discord app for your phone or desktop computer and just login with the email and password you entered on this page

If you select the DVBC logo you will see the different groups of chats that you can join. Please note once you have joined, we will also be able to assign you to extra groups that are not visible if you are not a part of that group such as Innova youth, cell groups, Diamond Kids, ...
